Foreword	v
The Advisory Board	vii
About the Author	ix
Preface	xi
Acknowledgments	xiii
Contributors and Reviewers	xv
Special Features of the Book	xxi
Syllabus	xxv

SECTION I FUNDAMENTALS OF ORTHOPEDIC PHYSIOTHERAPY

Chapter 1 Introduction to Orthopedic Disorders and Physiotherapy Assessment 3–13

Pragya Kumar

- Introduction 4
- Classification of Orthopedic Disorders 4
- Assessment of Orthopedic Conditions: SOAP Format 8

Chapter 2 Pain 15–21

Komal, Jeyanthi S

- Introduction 16
- Types of Pain 16
- Animal Models of Pain 16
- Basic Molecular Biology of Pain 17
- Pain Modulation 17
- Multidisciplinary Pain Management 18
- Pain Management Therapies 18

SECTION II DISORDERS OF JOINTS

Chapter 3 Arthritis 25–41

Jeyanthi S, Muthukrishnan P

- Introduction 26
- Classification of Arthritis 26
- Osteoarthritis 26
- Seropositive Arthritis 26
- Seronegative Arthritis 30
- Metabolic Arthritis 34
- Neuropathic Arthropathy 34
- Hemophilic Arthritis 35
- Traumatic Arthritis 37

Chapter 4 Osteoarthritis43–53*Jeyanthi S, Muthukrishnan P*

- Introduction 44
- Epidemiology 44
- Types of Osteoarthritis 44
- Etiology 44
- Pathogenesis 44
- Risk Factors 45
- Clinical Features 45
- Investigations 46
- Differential Diagnosis 47
- Complications 47
- Management 47
- Guidelines on Osteoarthritis 51

Chapter 5 Rheumatoid Arthritis55–69*Jeyanthi S, Muthukrishnan P*

- Introduction 56
- Epidemiology 56
- Etiology 56
- Pathogenesis 56
- Clinical Features 56
- Investigations 59
- Diagnosis 59
- Complications 61
- Prognosis 61
- Medical Management 61
- Physiotherapy Management 61

Chapter 6 Ankylosing Spondylitis71–82*Jeyanthi S, Muthukrishnan P*

- Introduction 72
- Epidemiology 72
- Etiology 72
- Pathogenesis 72
- Clinical Features 72
- Investigations 73
- Diagnosis 73
- Medical Management 74
- Complications 74
- Physiotherapy Assessment 74
- Physiotherapy Management 77

SECTION III INFECTIONS AND TUMORS**Chapter 7 Bone and Joint Infections85–125***Neelima Gupta*

- Introduction 86
- Epidemiology 86
- Septic Arthritis 86
- Osteomyelitis 90
- Gonococcal Arthritis 101
- Syphilitic Infection 104
- Prosthetic Joint Infection 111
- Spinal Tuberculosis 115

Chapter 8 Tumors127–153*Jeyanthi S, Adarsh Sharma, Muthukrishnan P*

- Introduction 128
- Bone Tumor 128
- Muscle Tumor 140

SECTION IV TRAUMATOLOGY**Chapter 9 Introduction to Fractures157–174***Apurva Chatterjee, Divya Gupta*

- Introduction 158
- Classification of Fractures 158
- Clinical Features 160
- Fracture Healing 160
- Principles of Fracture Management 161
- Complications of Fractures 164

Chapter 10 Fractures and Dislocations of Upper Limb175–223*Aashish Yadav, Jeyanthi S*

- Introduction 176
- Clavicle Fracture 176
- Scapular Fracture 180
- Proximal Humerus Fracture 182
- Midshaft Humerus Fracture 186
- Supracondylar Humeral Fracture 189
- Olecranon Fracture 193
- Proximal Radial Head Fracture 196
- Colles Fracture 199
- Scaphoid Fracture 203
- Metacarpal Fracture 206
- Phalanx Fracture 210
- Shoulder Dislocation 212
- Posterior Dislocation of Elbow 215
- Radial Head Dislocation 217

Chapter 11 Fractures and Dislocations of Lower Limb225–267*Pragya Kumar*

- Introduction 226
- Clinical Features of Lower Limb Fractures 226
- Fractures of Femur 226
- Fractures Around the Knee Joint 236
- Fractures of Tibia and Fibula 240
- Fractures of Ankle and Foot 243
- Physiotherapy Assessment 253
- Physiotherapy Treatment 253
- Dislocations of Lower Limb 258

Chapter 12 Fractures of Spine and Rib Cage269–295*Kiran Sharma*

- Introduction 270
- Spinal Fractures 270
- Region Specific Interventions for Spinal Fractures 284
- Rib Fracture 290

SECTION V REGIONAL ORTHOPEDIC CONDITIONS**Chapter 13 Shoulder Complex Injuries299–332***Shilpa Jain*

- Introduction 300
- Anatomy of Shoulder Joint 300
- Adhesive Capsulitis 301
- Rotator Cuff Lesion 306
- Impingement Syndrome 312
- Shoulder Instability 316
- SLAP Lesion 319
- Bursitis 322
- Glenohumeral Internal Rotation Deficit 323
- Acromioclavicular Joint Injuries 325
- Biceps Tendonitis 327

Chapter 14 Regional Conditions of the Elbow333–349*Shilpa Jain*

- Introduction 334
- Anatomy of Elbow Joint 334
- Elbow Tendonitis 335
- Ulnar Collateral Ligament Injury 341
- Cubital Tunnel Syndrome 342
- Olecranon Bursitis 343
- Recurrent Ulnar Nerve Shifting 344
- Pulled Elbow 345

Chapter 15 Regional Conditions of the Wrist and Hand351–368*Shilpa Jain*

- Introduction 352
- Anatomy of the Wrist and Hand 352
- Carpal Tunnel Syndrome 352
- De Quervain's Tenosynovitis 356
- Dupuytren's Contracture 359
- Stenosing Flexor Tenosynovitis 360
- Flexor and Extensor Tendon Injuries of the Wrist 361
- Mallet Finger 362
- Madelung's Deformity 364

Chapter 16 Hip Complex Injuries.....369–403*Adarsh Sharma*

- Introduction 370
- Anatomy of Hip Joint 370
- Adductor Muscle Strain 370
- Iliopsoas Syndrome 375
- Hip Osteoarthritis 379
- Trochanteric Bursitis 383
- Avascular Necrosis 387
- Slipped Capital Femoral Epiphysis 389
- Legg-Calvé-Perthes Disease 393

Chapter 17 Knee Complex Injuries.....405–443*Yamini Sharma, Jyoti Sharma, Megha Yadav, Rituraj Verma*

- Introduction 406
- Anatomy of the Knee Joint 406
- Soft Tissue Injury 407
- Muscle Strain 407
- Bursitis 409
- Meniscal Injuries 412
- Knee Ligament Injuries 415
- Anterior Knee Pain 423
- Chondromalacia Patellae 427
- Hoffa's Pad Impingement Syndrome 432
- Osgood-Schlatter Disease 433
- Patellofemoral Dysfunction 435
- Plica Syndrome 437

Chapter 18 Ankle and Foot Injuries445–486*Adarsh Sharma*

- Introduction 446
- Anatomy of the Ankle and Foot 446
- Ankle Sprain 447
- Ankle Osteoarthritis 454
- Achilles Tendinopathy 457
- Plantar Fasciitis 466
- Tarsal Tunnel Syndrome 472
- Hallux Valgus 476
- Metatarsalgia 479

Chapter 19 Spinal Conditions.....487–544*Shweta Kumar, Jeyanthi S*

- Introduction 488
- Anatomy of the Spine 488
- Common Disorders/Injuries of Cervical Spine 490
- Thoracic Outlet Syndrome 508
- Lower Crossed Syndrome 513
- Common Disorders/Injuries of Lumbar Spine 515
- Lumbarization and Sacralization 532
- Sacroiliac Joint Dysfunction 534
- Coccydynia 537

SECTION VI METABOLIC AND CONNECTIVE TISSUE CONDITIONS**Chapter 20 Metabolic Bone Diseases547–565***Adarsh Sharma*

- Introduction 548
- Rickets 548
- Osteomalacia 551
- Osteopenia 552
- Osteoporosis 555
- Paget's Disease 559

Chapter 21 Arthropathies.....567–580*Adarsh Sharma, Jeyanthi S*

- Introduction 568
- Gout 568
- Pseudogout 572
- Charcot Arthropathy 574

Chapter 22 Connective Tissue Disorders581–593*Jeyanthi S*

- Introduction 582
- Systemic Lupus Erythematosus 582
- Scleroderma 584
- Sjögren's Syndrome 588
- Mixed Connective Tissue Disease 590

Chapter 23 Disorders of Muscles595–607*Jeyanthi S*

- Introduction 596
- Traumatic Conditions of Muscles 596
- Myositis 598
- Polymyositis 599
- Fibromyalgia 600

SECTION VII SURGICAL CONDITIONS**Chapter 24 Arthroplasty611–636***Adarsh Sharma*

- Introduction 612
- Implant 612
- Knee Arthroplasty 613
- Hip Arthroplasty 619
- Ankle Arthroplasty 623
- Shoulder Arthroplasty 625
- Elbow Arthroplasty 629
- Wrist Arthroplasty 631

Chapter 25 Arthrodesis637–649*Jeyanthi S*

- Introduction 638
- Indications 638
- Contraindications 638
- Types of Arthrodesis 638
- Complications 638
- Investigations 639
- Triple Arthrodesis 639
- Ankle Arthrodesis 640
- Knee Arthrodesis 641
- Wrist Arthrodesis 642
- Spinal Arthrodesis 643

Chapter 26 Tendon Transfers651–663*Adarsh Sharma*

- Introduction 652
- Principles 652
- Biomechanics 653
- Indications 653
- Contraindications 654
- Technical Considerations for Tendon Transfer 654
- Tendon Transfers for Upper Limb 654
- Tendon Transfers for Lower Limb 657
- Complications 657
- Physiotherapy Management 657

Chapter 27 Osteotomy and Other Techniques665–677*Jeyanthi S*

- Introduction 666
- Types of Osteotomy 666
- Indications 666
- Procedure 667
- Common Osteotomies 667
- Complications 669
- Physiotherapy Management 669
- Other Techniques 669

SECTION VIII SPECIAL CONDITIONS**Chapter 28 Deformities681–718***Jeyanthi S, Kiran Sharma*

- Introduction 682
- Congenital Deformity 682
- Congenital Deformities of Lower Extremities 682
- Congenital Deformities of Upper Extremities 694
- Congenital Deformities of Spine 697
- Acquired Deformities 699
- Deformities of the Knee 708

Chapter 29 Developmental Conditions719–760

Mriga Jain, Muthukrishnan P, Neelima Gupta, Divya Gupta

- Introduction 720
- Cerebral Palsy 720
- Poliomyelitis 726
- Spinal Muscular Atrophy 733
- Spina Bifida 741
- Osteogenesis Imperfecta 745
- Osteopetrosis 749
- Rehabilitation Strategies 754

Chapter 30 Amputation761–801

Jeyanthi S, Muthukrishnan P

- Introduction 762
- Etiology 762
- Levels of Amputation 762
- Types of Amputation 764
- Preoperative Assessment 764
- Preoperative Management 764
- Postoperative Assessment 765
- Postoperative Management 766
- Management of the Stump 772
- Prosthetic Stage 775
- Evidence-Based Management 790

Chapter 31 Peripheral Nerve Injuries803–825

Mriga Jain, Muthukrishnan P, Apurva Chatterjee

- Introduction 804
- Anatomy of Peripheral Nerve 804
- Peripheral Nerve Injuries 807
- Major Nerve Injuries of Upper Limb 808
- Major Nerve Injuries of Lower Limb 816
- Thoracic Outlet Syndrome 817
- Assessment 817
- Management 818
- Physiotherapy Management 819
- Complications 822

Chapter 32 Gerontology827–838

Jeyanthi S, Muthukrishnan P

- Introduction 828
- Theories of Aging 828
- Cellular Changes During Aging 829
- Common Diseases in Geriatric Populations 829
- Musculoskeletal Challenges in Elderly 829
- Geriatric Physiotherapy 831

Index839
