Part-I : Spices

1	Introduction	3
	Classification of spices	3
	Importance of spices industry in India.	5
	Constraints in Indian spice industry	5
2	Major Spices	7
2.1.	Black Pepper (<i>Piper nigrum</i> L.)	7
2.2.	Cardamom (<i>Elettaria cardamomum</i> (L.) Maton)	24
2.3.	Ginger (<i>Zingiber officinale</i> L.)	37
2.4	Turmeric (<i>Curcuma longa</i> L.)	44
3	Seed Spices	54
3.1.	Coriander (<i>Coriandrum sativum</i> L.)	54
3.2.	Fenugreek (<i>Trigonella foenum-graecum</i> L.)	63
3.3.	Cumin (<i>Cuminum cyminum</i> L.)	67

3.4.	Minor Seed Spices	71
4	Tree Spices	73
4.1.	Clove (<i>Syzygium aromaticum</i> L.)	73
4.2	Nutmeg (<i>Myristica fragrans</i> Houtt)	78
4.3.	Cinnamon (<i>Cinnamomum verum</i> P. resl.)	86
4.4.	Allspice (<i>Pimenta dioica</i> (L.) Morr.)	91
4.5.	Tamarind (<i>Tamarindus indica</i> L)	92
4.6.	Curry Leaf (<i>Murrya koenigii</i> Spreng.)	94
4.7.	Garcinia (<i>Garcinia cambogia</i> L.)	96
4.8.	Bay leaf (<i>Laurus nobilis</i> L.)	97
5	Herbal Spices	98
6	Other Spices	101
6.1.	Garlic (<i>Allium sativum</i> L.)	101
6.2.	Vanilla (<i>Vanilla planifolia</i> Andr.)	105
6.3.	Saffron (<i>Crocus sativus</i> L.)	110
6.4.	Paprika (<i>Capsicum annuum</i> L.)	110
6.5.	Asafoetida (<i>Ferula foetida</i> Regel)	111
7	Value Added Spice Products	113
	Management of Mycotoxins in Spice Products	114
	Significance of Value Added Spice Products	115
	Agencies Supporting Spice Industry	116

Part-II : Plantation Crops

8	Introduction	121
9	Tea	123
	Tea (<i>Camellia</i> sp.)	123
	Diseases	140
10	Coffee	141
	Coffee (<i>Coffea arabica</i> L. and <i>C. canephora</i> Linden)	141
11	Rubber	157
	Rubber (<i>Hevea brasiliensis</i> Muell-Arg.)	157

12	Cocoa	170
	Cocoa (<i>Theobroma cacao</i> L.)	170
13	Cashew	183
	Cashew (<i>Anacardium occidentale</i> L.)	183
14	Coconut	196
	Coconut (<i>Cocos nucifera</i> L.)	196
15	Arecanut	210
	Arecanut (<i>Areca catechu</i> L.)	210
16	Palmyrah	218
	Palmyrah (<i>Borassus flabellifer</i> L.)	218
17	Oil Palm	224
	Oil palm (<i>Elaeis guineensis</i> Jacq.)	224
18	Cinchona	234
	Cinchona (<i>Cinchona</i> sp.)	234

Part–III : Medicinal Plants

19	Introduction	239
20	Commercial Medicinal Plants	242
	20.1. Medicinal Yam (<i>Dioscorea floribunda</i> Mart and Gal)	242
	20.2. Fox-Glove (<i>Digitalis lanata</i> Ehrh.)	247
	20.3. Opium (<i>Papaver somniferum</i> L.)	249
	20.4. Pyrethrum (<i>Chrysanthemum cinerariaefolium</i> Vis.)	254
	20.5. Sarpagandha (<i>Rauvolfia serpentina</i> Benth)	257
	20.6. Senna (<i>Cassia angustifolia</i> Vahl.)	260
	20.7. Isabgol (<i>Plantago ovata</i> Forsk.)	263
	20.8. Medicinal Solanum <i>Solanum khasianum</i> (Clarke)	266
	20.9. Periwinkle (<i>Catharanthus roseus</i> G. Don)	
	20.10. Belladonna (<i>Atropa belladonna</i> L.)	271
	20.11. Rye Ergot	272
	20.12. Coleus (<i>Coleus forskohlii</i>)	274
	20.13. Glory Lily (<i>Gloriosa superba</i> Linn.)	277

21	Other Medicinal Plants	280
-----------	-------------------------------	------------

Part-IV : Aromatic Plants

22	Introduction	291
	Distillation of Essential Oil	292
	Importance of Essential Oil Industry in India	293
23	Major Aromatic Plants	296
	23.1. Cymbopogon sp.	296
	23.1. Lemon grass	297
	23.1.2. Citronella Grass	300
	23.1.3. Palmarosa Grass	303
	23.2. Vetiver (<i>Vetiveria zizanioides</i> L.)	306
	23.3. Geranium (<i>Pelargonium graveolens</i> (L.) Hervitt.)	309
	23.4. Mints (<i>Mentha</i> spp)	314
	23.4.1 Japanese Mint	314
	23.4.2 Pepper mint	316
	23.4.3 Spear mint (<i>M. spicata</i>)	318
	23.4.4 Bergamot Mint	319
	23.5. Ocimum sp.	321
	23.6. Patchouli (<i>Pogestemon patchouli</i> Hook)	326
	23.7. Eucalyptus sp.	329
	23.8. Lavender (<i>Lavendula</i> sp.)	331
	23.9. Sandal Wood (<i>Santalum album</i> L.)	334
24	Other Economic Aromatic Plants	336
25	Floral Concrete and Other Aromatic Products	341
	Other Aromatic Products	343
	Annexure-1	345
	Index	351
