<i>Foreword</i> by Usha B Saraiya	ix
<i>Preface</i> by Priya Ganesh Kumar	xi
<i>Preface</i> by Venkateswaran K Iyer	xiii
Acknowledgments	xiv

## Section I: Colposcopy

<b>1. Introduction</b>	<b>3</b>
History of Invention of Colposcope	3
Colposcope	4
Digital Video Colposcope	4
<b>2. Instruments and Procedures</b>	<b>6</b>
Instrument Trolley	6
Procedure	7
Position of the Patient	7
Insertion of Vaginal Self-Retaining Cusco's Speculum	7
On Cleaning with Normal Saline	13
Blue-Green Filter	15
5% Acetic Acid Application	21
Lugol's Iodine Application	29
<b>3. Explanations of Different Terminologies</b>	<b>37</b>
Squamous Epithelium	37
Columnar Epithelium	38
Squamocolumnar Junction (SCJ)	40
Prepubertal	40
Pubertal	41
Reproductive Age Group	42
Perimenopausal	43
Menopausal Age	44
Original SCJ/Old SCJ	45
New SCJ	45
Transformation Zone (TZ)	45
Transformation Zone Type 1	45
Transformation Zone Type 2	49
Transformation Zone Type 3	43
Ectopy	57
Congenital TZ	61
Metaplasia	62
Immature Squamous Metaplasia	63
Mature Squamous Metaplasia	63
Dysplasia	63
Mosaics and Punctations	64

Fine Mosaics and Punctations 64

Coarse Mosaics and Punctations 69

#### **4. Cervical Intraepithelial Neoplasia (CIN) 73**

Low Grade Lesions (LSIL) 73

Low-Grade Squamous Intraepithelial Lesion (LSIL)—CIN 1 75

High Grade Lesions (HSIL) 77

Cervical Intraepithelial Neoplasia Grade 3 Lesion 78

Mixed Lesion 79

Circumorofacial Lesion 82

Preclinical Invasive Carcinoma 85

Invasive Carcinoma 86

Adenocarcinoma *In Situ* 87

#### **5. Vaginal Intraepithelial Neoplasia (VAIN) 90**

Case of Necrotic Cervical Growth Evaluated for the Vaginal Involvement 90

Vault Colposcopy 93

Left Out Cervix in Subtotal Hysterectomy 93

#### **6. Different Conditions of Cervix 96**

Endocervical Polyp 96

Cervical Endometriosis 97

Hyperkeratotic Patch 99

Cervical Fibroid 99

Menopausal Age 101

Colposcopy in Challenging Cases like Mullerian Anomalies 103

Colposcopy in Pregnancy 107

Infected Nabothian Cysts Mimicking Cervical Growth 109

Herpes Simplex Type 1 Infection 110

#### **7. Nomenclatures and Scoring System 112**

Introduction 112

Understanding of Swede Scoring with Various Case Discussions 113

32-yr-old with C/O Irregular Menses 113

36-yr-old with White Discharge 115

32-yr-old with White Discharge 117

42-yr-old with Repeated UTI and WD 119

36-yr-old with Repeated UTI 121

34-yr-old with Postcoital Bleeding 123

26-yr-old with Recurrent UTI, WD 125

41-yr-old with H/O Premenstrual Spotting and WD 127

35-yr-old with Postcoital Bleeding 129

43-yr-old with White Discharge 131

46-yr-old with Postcoital Bleeding 133

#### **8. Procedures and Therapies 135**

Cervical Punch Biopsy 135

Cryotherapy 136

Principle of Cryotherapy 136

Criteria for the Patient Selection 136

Instruments 136

Procedure 137

Reasons for Failure 138

- Management of Failure Cases 138
- Complications and Long-term Sequelae 138
- Cold Coagulation or Thermocautery 144
- Techniques 144
- Principle 144
- Equipment 144
- Electrocoagulation 145
- Loop Electrosurgical Excision Procedure (LEEP) 149
- Large Loop Excision of Transformation Zone (LLETZ) 149

## Section II: Cytology

### 9. Understanding the Normal Cervix: Histology and Cytology 159

- Development 159
- Defects in Embryogenesis 159
- Histology of Normal Ectocervix 159
- Cytology of Cervical Squamous Cells 162
- Superficial Cells 164
- Intermediate Cells 166
- Parabasal Cells 167
- Cytology of Endocervix 170

### 10. Benign Changes: Histology and Cytology 172

- Repair of Stratified Squamous Epithelium 172
- Cytology of Repair 174
- Squamous Metaplasia 176
- Immature Squamous Metaplasia 178
- Cytology of Squamous Metaplasia 179
- Squamous Metaplasia with Cytoplasmic Vacuolation 181
- Atrophic Smear 182
- Hyperestrin Smear 184
- Epidermidization 185

### 11. Cytology of Infections 187

- Candida Infection 187
- Trichomonas Infection 188
- Herpes Simplex Type 2 Infection 190
- Altered Vaginal Flora 191
- Actinomyces Infection 192
- Tuberculosis 194
- Follicular Cervicitis 195

### 12. Understanding Histopathology of HPV Infection 197

- Latent HPV Infection 197
- Productive HPV Infection 197
- Integrative HPV Infections 198
- Fate of HPV Infection 198
- Low Grade Squamous Intraepithelial Lesion (LSIL) 199
- Histology of LSIL 200
- Cytology of LSIL 204
- Ascus 210
- High Grade Squamous Intraepithelial Lesion 210

Histology of HSIL 212  
 Cytology of CIN 2 215  
 Histology of CIN 3 216  
 Cytology of CIN 3 219  
 Cytology of CIN 3 in Liquid-Based Cytology 221  
 Condyloma 222

### 13. Squamous Cell Carcinoma 223

Histology of Squamous Cell Carcinoma 223  
 Histology of Keratinizing Squamous Cell Carcinoma 224  
 Cytology of Squamous Cell Carcinoma 225  
 Tumor Diathesis on Cytology 225

### 14. Adenocarcinoma 227

Histology of Adenocarcinoma 227  
 Cytology of Adenocarcinoma 228  
 Cytology of Adenocarcinoma *In Situ* 229  
 Cytology of Papillary Adenocarcinoma 230

### 15. Miscellaneous Conditions 231

Vaginal Intraepithelial Neoplasia 231  
 Cytology of Endometrial Cells in Pap Smears 232  
 Histocytes and Endometrial Stromal Cells 233  
 Atypical Glandular Cells 235  
 Tubal Metaplasia 235  
 Handling of Histopathology Samples 237  
 Cervical Punch Biopsy 237  
 Endocervical Curettage 237  
 LEEP Excision 237  
 Cone Biopsy 237
