1. What are the developmental components of interatrial septum?

.....

.....

.....

.....

2. What is derived from right venous valve?

.....

.....

.....

.....

3. What is the remnant of septum primum?

.....

.....

.....

.....

4. What is the remnant of septum secundum?

.....

.....

.....

.....

5. What is foramen ovale and when does it close? What causes its closure?

.....

.....

.....

.....

6. What is atrial septal defect?

.....

.....

.....

.....

7. What is Fallot's tetralogy?

.....

.....

.....

.....

8. What is probe patency of foramen ovale?

.....

.....

.....

.....
