<i>Preface</i>	v
----------------------	---

PART-I: THORAX

0. Naming Bones of Thorax and Abdomen	1
1. Thoracic Cage (Framework)	3
2. Intrinsic Muscles of Thoracic Wall	11
3. Respiratory Movements	15
4. Intercostal Nerves	18
5. Internal Thoracic (Mammary) Vessels	21
6. Intercostal Vessels	24
7. Subdivisions of the Thoracic Cavity	27
8. Pleura	28
9. Right and Left Mediastinal Views	33
10. Lungs	36
11. Mediastinum	51
12. Anterior Mediastinum	52
13. Pericardium	54
14. Heart	58
15. Superior Mediastinum	83
16. Posterior Mediastinum	89

PART-II: ABDOMEN

17. Introduction to abdomen	99
18. Anterior abdominal wall—Superficial structures	104

19. Anterolateral abdominal muscles	109
20. Rectus sheath	117
21. Inguinal canal	120
22. Spermatic cord	125
23. Scrotum	128
24. Peritoneum	135
25. Stomach	152
26. Spleen	161
27. Small intestine	166
28. Pancreas	177
29. Large intestine	182
30. Portal vein	193
31. Liver	196
32. Extrahepatic biliary apparatus	203
33. The diaphragm	207
34. Posterior wall of abdomen	211
35. Suprarenal glands	218
36. Kidneys	220
37. Ureters	227

PART-III: PELVIS

38. Introduction to pelvis	233
39. Pelvic wall	236
40. Floor of pelvis (Pelvic diaphragm)	238
41. Pelvic fascia	241
42. Pelvic peritoneum	243
43. Pelvic vessels	245
44. Nerves of the pelvis	247
45. Urinary bladder	251
46. Prostate gland	256
47. Rectum and anal canal	260
48. Pelvic part of ureter	268
49. Seminal vesicle and vas deferens	270

50. Uterus	272
51. Fallopian tube	282
52. Ovaries	286
53. Vagina	290

PART-IV: PERINEUM

54. Boundaries and subdivisions of perineum	295
55. External genitalia	297
56. Anal triangle	301
57. Urogenital triangle	305
58. Index	315
