Preface

UNIT I

General Physical Examination

General Physical Examination	1
Head (Cranium)	4
The Eye Examination	6
Examination of Ear, Nose, Throat	8
The Neck	17
Regional lymphadenopathy	18
The Breast and Axillae	20
The Extremities	20

UNIT II

Examination of Respiratory System 29

Respiratory System	29
Symptoms related to Upper Respiratory Tract and their Analysis	29
Symptoms of Lower Respiratory Tract and their Analysis	31
History	36
General Physical Examination of Respiratory System	36
Examination of Upper Respiratory System	39
Examination of Lower Respiratory System (Chest examination)	41
Adventitious/Added Sounds	54
Examination of the Posterior Chest	58
Differential Diagnosis	59
Brief Synopsis of Common Respiratory Diseases	59

UNIT III

Cardiovascular System 71

Symptoms and their Analysis	71
The History	77
General Physical Examination	78
Systemic Examination of Cardiovascular System	89

Differential Diagnosis of Murmurs	101
I. Ejection Systolic (ES) or Midsystolic Murmur	102
II. Pansystolic Murmurs	104
Diastolic Murmurs	105
Continuous Murmurs	107
Physical Signs of Different Cardiovascular Conditions	108
Peripheral Vascular System Examination	115
Brief Synopsis of Peripheral Vascular Disease	116
The Venous System	120
Brief Synopsis of Venous Disorders	122

UNIT IV

The Urogenital System and Sexually Transmitted Diseases 127

I. Common Urinary Symptoms and their Analysis	127
II. Symptoms of Sexually Transmitted Diseases (STDs)	133
The History	133
Examination—General Physical and Urogenital System (Abdomen Examination)	135
Examination of The Male Genitalia	139
The Scrotum and its Contents	141
Differential Diagnosis of a Scrotal Swelling	143
Examination of Female Genitalia	143
Brief Synopsis of Common Renal Disorders	146
Brief Synopsis of Genital Diseases and Hernia	149

UNIT V

Nervous System 153

Common Symptoms and their Analysis	153
History	161
Examination—General Physical	162

Systemic Neurological Examination	170	Examination of a Patient with	
Mental Status/Higher Mental Functions	170	Haematological Disorder	337
Speech and Language	172	Systemic Examination	337
Examination of Cranial Nerves	176	Brief Synopsis of Common Blood Disorders	337
The Motor System Examination	203	Laboratory Diagnosis of	
Testing for the Cerebellar Functions	222	Hematological Disorders	342
Gait	225		
The Sensory System	234	UNIT IX	
Nerve lesion (Entrapment Neuropathy)	242	Endocrinal Disorders	347
Autonomic Nervous System (ANS)	243	Symptoms of Endocrine System	347
Nervous System at a Glance	246	History	348
Brief synopsis of the Neurological Disorders	247	General Physical Examination (GPE)	349
Epilepsies	252	Systemic Examination	357
Polyneuropathies	252	Brief Synopsis of Endocrinal Disorders	357
Postinfective Polyneuropathy			
(Guillain-Barré syndrome)	253	UNIT X	
Myasthenia Gravis	254	Examination of Musculoskeletal	
Multiple Sclerosis	254	and Locomotor System	37
Syringomyelia	255	Major Symptoms of Rheumatic Diseases	37
Motor Neuron Disease (MND)	255	History	37
Paraplegia	256	Examination of Locomotor System	37
		Examination of Individual Joints	38
UNIT VI		Examination of the Spinal Column	38
Gastrointestinal and		Examination of Limb Joints	38
Hepatobiliary Systems	257	Brief synopsis of Rheumatological disorders	40
Symptoms of Gastrointestinal System	257		
Symptoms of Hepatobiliary System	268	UNIT XI	
History	271	Dermatological Disorders	40
Examination—General Physical		Symptoms of Skin Disorders and thier Analysis	40
and Systemic (Abdominal examination)	271	History	40
Examination of Inguinal Region	292	Examination—General	41
The Back of Abdomen	292	Examination of Nails	41
Examination of the Anus, Rectum		Examination of Hair	42
and Prostate	292	Brief synopsis of Common Skin disorders	42
Examination of Abdominal Lump/Mass	294		
Brief synopsis of common GI Tract		UNIT XII	
Hepatobiliary Disorders	299	Vitals and the Unconscious Patient	42
		Symptom Unconsciousness	42
UNIT VII		History	42
Examination of Breasts and Axillae	313	Examination—General Physical	42
Common Symptoms Related to Breast	313	Systemic Examination	43
Examination of Breasts	316	Other Systems Examination	43
Brief Synopsis of Breast Diseases	319	Brief Synopsis of Different Comas	43
		<i>Index</i>	44
UNIT VIII			
Haematological Disorders	321		
Pattern of Haematological Disorders	321		
History	331
