5. Write about the role of nurse in assertive communication.	95	1
<b>Total</b>		<b>5</b>
<b>Promoting Self-Esteem, and Women &amp; Mental Health</b>		
1. Write about the manifestation of low self-esteem and its implications in mental illness.	104	1
2. Write about the normal reaction of women to conception and pregnancy.	106	1
3. Describe the psychosocial problems related to pregnancy.	107	1
4. Define and explain genetic counseling.	108	1
5. What are boundaries?	110	1
<b>Total</b>		<b>5</b>

Contd...

<b>Nursing Process, Assessment and Documentation</b>		
1. What is concept mapping?	128	1
2. What is psychometric assessment?	130	1
3. Discuss mental status examination in brief.	132	1
4. Discuss mini mental status examination.	133	1
5. What is neurological examination?	135	1
6. Write about the critical pathways of cares.	139	1
7. What is the nursing case management?	141	1
<b>Total</b>		<b>7</b>
<b>Psychosocial and Physical Therapies</b>		
1. What is the role of nurse in family therapy?	156	1
2. Write about the phases of group formation in group therapy and role of psychiatric nurse.	158	1
3. What is play therapy?	160	1
4. Mention the therapeutic use of biofeedback.	162	1
5. What is psychodrama?	164	1
6. What are the clinical effects of music therapy?	165	1
7. Discuss pet therapy in brief.	168	1
8. Discuss aspects of psychoanalysis.	171	1
9. What is individual therapy?	172	1
<b>Total</b>		<b>9</b>
<b>Electroconvulsive Therapy</b>		
1. Write about indications of electroconvulsive therapy.	181	1
<b>Total</b>		<b>1</b>
<b>Psychopharmacology</b>		
1. What are extrapyramidal side effects?	188	1
2. Write briefly about antianxiety agents.	190	1
3. What is lithium toxicity?	192	1
4. Write about mood stabilizers and nurse's role.	194	1
5. What is the role of nurse in administering antipsychotic patients?	195	1
6. Write about serotonin syndrome.	197	1
<b>Total</b>		<b>6</b>
<b>Alternative Systems of Medicine in Mental Health</b>		
1. Discuss acupuncture and acupressure in brief.	202	1
2. Write about role of homeopathy as alternative system of medicine in mental health.	204	1

1. Discuss the clinical manifestation and nursing management of mentally challenged child.	268	1
2. Describe management and illustrate signs and symptoms of ADHD.	272	1
3. List the disorders among children and explain nursing management for any one condition.	276	1

Contd...

4. Write in detail about Tourette syndrome.	282	1
5. Differentiate between conduct and behavioral disorders.	285	1
<b>Total</b>		<b>5</b>
<b>Delirium, Dementia and Amnesic Disorders</b>		
1. Explain in detail about etiology and different types of dementia.	286	1
2. Discuss pharmacotherapy and psychotherapeutic and nursing management in relation to patient with dementia.	289	1
3. Define delirium and discuss etiology, clinical manifestations and nursing care of client with delirium.	294	1
4. Discuss various stages of development of dementia. Explain nurses' role in care of patient who is in second stage of dementia.	299	1
<b>Total</b>		<b>4</b>
<b>Substance-Related Disorders</b>		
1. Define substance use disorders. Discuss the medical management of patient with opioid dependence.	303	1
2. Discuss the nursing management related to alcohol withdrawal syndrome.	305	1
3. Name the precipitating stressors that may lead to substance by using behavioral model.	309	1
4. Epidemiology of substance use in India and its nursing management and illustrate the nurse's role in curbing the menace.	312	1
5. Explain the narcotic withdrawal syndrome and discuss the management of patient admitted in de-addiction center with alcohol dependence.	314	1
<b>Total</b>		<b>5</b>
<b>Schizophrenia and Other Psychotic Disorders</b>		
1. Describe various types of psychotic disorders and discuss the nursing management of patient with paranoid schizophrenia.	321	1
2. Explain ICD-10 diagnostic criteria and pharmacotherapy of schizophrenia.	325	1
3. Mr X is admitted with diagnosis of simple schizophrenia. Write about the nursing management of patient with simple schizophrenia. Enumerate positive and negative symptoms of schizophrenia.	327	1
<b>Total</b>		<b>3</b>
<b>Mood Disorders: Grief Response</b>		
1. Enlist clinical features and predisposing factors to mania. Discuss the treatment and nursing management of patient with acute mania.	339	1
2. Classify depressive disorders and discuss the approaches to the management of these disorders.	343	1

Contd...

3. Explain the mood disorders. Discuss the bipolar disorder and its psychodynamics in detail.	347	1
4. Define psychomotor. List all the conditions in which the patient demonstrates psychomotor agitation. Discuss nursing management of patient with psychomotor agitation.	351	1
5. Discuss the treatment of mania.	353	1
6. Describe the grief and grief reaction.	355	1
7. Discuss the antimanic drugs and role of a nurse.	357	1
8. Discuss briefly about lithium toxicity.	359	1
<b>Total</b>		<b>8</b>
<b>Anxiety Disorders</b>		
1. "Anxiety is the major symptom of any of the somatoform disorders" explain the statement. Write nursing management of a patient with severe anxiety and support with clinical examples.	361	1
2. Discuss the types of anxiety disorders. Compare and contrast the clinical features. Discuss the management of client with anxiety disorders.	363	1
3. Explain the generalized anxiety disorder.	368	1
4. Discuss briefly the panic disorders.	369	1
5. Discuss antianxiety drugs.	371	1
6. Explain about obsessive compulsive disorder.	373	1
<b>Total</b>		<b>6</b>
<b>Somatoform and Sleep Disorders</b>		
1. Discuss the dynamics of somatization disorder using the transactional model of stress/adaptation.	375	1
2. What are the diagnostic criteria for somatic symptom disorder? Also discuss various types of somatoform disorder.	377	1
3. Explain the sleep disorders.	379	1
4. Discuss hypochondriasis.	381	1
<b>Total</b>		<b>4</b>
<b>Dissociative Disorders and Management</b>		
1. Describe the dissociative disorders. Explain the treatment modalities and nursing management of patient with dissociative disorders.	383	1
<b>Total</b>		<b>1</b>
<b>Sexual Disorders</b>		
1. Discuss the application of nursing process to sexual disorders.	387	1
2. Discuss the Paraphilia and its management.	391	1
<b>Total</b>		<b>2</b>

Contd...

<b>Eating Disorders</b>		
1. Discuss psychopathology of the eating disorders.	404	1
2. Explain in detail on the nursing management of teenage with anorexia nervosa.	405	1
<b>Total</b>		<b>2</b>
<b>Adjustment and Impulse Control Disorders</b>		
1. What is an adjustment disorder? List out the etiological theories.	411	1
<b>Total</b>		<b>1</b>
<b>Medical Conditions Due to Psychological Factors</b>		
1. Discuss medical conditions due to psychological factors.	413	1
<b>Total</b>		<b>1</b>
<b>Personality Disorders</b>		
1. Define personality disorders. Classify personality disorders and discuss any one in detail.	420	1
2. Elaborate the causes of personality disorder and discuss nursing management.	424	1
<b>Total</b>		<b>2</b>
<b>The Aging Individual</b>		
1. Enumerate the problems of geriatric patients and give the examples of chronic diseases and their management technique.	434	1
2. Discuss the biological theories of aging and explain the psychological aspects of aging.	437	1
3. Discuss management of elderly and psychosocial problems.	442	1
<b>Total</b>		<b>3</b>
<b>The Person Living with HIV Disease</b>		
1. Write in detail about psychological issues related to HIV.	449	1
<b>Total</b>		<b>1</b>
<b>Problems Related to Abuse or Neglect</b>		
1. What is psychological impact of the rape? Elaborate the nursing management of rape victim and how will you counsel rape victim.	454	1
2. "Child abuse is on the rise in today's society". Critically examine and discuss the statement in context to today's society and identify the area that can be included in awareness program for a semi-urban community.	456	1
