UNIT 1	INTRODUCTION TO PHARMACOLOGY	1
CHAPTER 1	A Brief History of Pharmacology	3
	History of Pharmacology	4
	Sources of Medications	6
	Categorizing Medications	8
	The Roles of the Licensed Practical Nurse (LPN), Licensed Vocational Nurse (LVN), and Medical Assistant (MA) in the Administration of Medications	9
CHAPTER 2	Basics of Pharmacology	13
	What Is Pharmacology?	14
	The Medication Cycle	14
	Issues Affecting the Medication Cycle	18
	The Importance of Side Effects	18
	Medication Resources for Information	20
CHAPTER 3	Patient Safety in Medication Administration	27
	Patient Rights for Safety	28
	Medication Names and Abbreviations	32
	Factors Affecting Medication Administration	33
	Protecting the Patient: Ethical and Safety Considerations	38
	Protecting the Health-Care Worker	40
CHAPTER 4	Regulations	47
	History of Medication Regulations	48
	The FDA and Medication Development	49
	Control of Medications	58
	Substance Abuse	61
CHAPTER 5	Prescriptions and Labels	69
	Medication Orders	70
	Parts of a Prescription	72
	Medication Labels	75
UNIT 2	CALCULATIONS	83
CHAPTER 6	Review of Mathematics	85
	Working With Fractions	86
	Decimals	94
	Ratios and Proportions	100
	Solving for an Unknown	104

CHAPTER	7	Measurement Systems	113
		Measurement Systems	114
CHAPTER	8	Dosage Calculations	127
		Methods for Calculating Medication Dosages	128
		Special Circumstances	137
		Reconstituting Powders	141
		Parenteral Calculations	142
		Calculating Fluid Balance	145
UNIT	3	ADMINISTRATION OF MEDICATIONS	151
CHAPTER	9	Enteral Medications and Administration	153
		Enteral Medications	154
CHAPTER	10	Parenteral Medications and Administration	165
		Parenteral Medications	166
		Topical Medications and Administration	166
		Ophthalmic Medications and Administration	169
		Otic Medications and Administration	170
		Vaginal Medications and Administration	170
		Nasal Route of Medication Administration	172
		Inhaled Medications and Administration	173
		Injectable Medications	177
UNIT	4	CLASSIFICATIONS OF MEDICATIONS	207
CHAPTER	11	Integumentary System Medications	209
		Integumentary System: Vulnerable Barrier	210
		Skin Infections and Medications	211
		Inflammatory Conditions and Medications	214
		Skin Cancer and Medications	216
CHAPTER	12	Musculoskeletal System Medications	225
		The Musculoskeletal System	226
		Medications Used to Treat Muscular Disorders	227
		Medications Used to Treat Abnormal Calcium Levels	228
		Medications for Bone and Joint Inflammation	230
		Medications to Treat Phantom Limb Pain	232
CHAPTER	13	Nervous System Medications	239
		The Nervous System	240
		The Autonomic Nervous System and Medications	242
		Medications to Control Pain and Fever	243
		Medications to Treat Anxiety, Insomnia, Sedation, and Seizures	244
		Medications to Treat Behavioral, Emotional, and Mood Disorders	246

	Medications to Treat Degenerative Disorders	250
	Local and General Anesthetic Medications	251
	Alcohol	252
CHAPTER	14 Eye and Ear Medications	265
	The Eye	266
	Eye Medications	267
	The Ear	269
	Ear Medications	271
	Medications and Ototoxicity	272
CHAPTER	15 Endocrine System Medications	279
	The Endocrine System	280
	Endocrine System Medications	284
	Medications That Treat Adrenal Disorders	290
CHAPTER	16 Cardiovascular System Medications	299
	The Cardiovascular System	300
	Myocardial Infarction, Stroke, and Clotting	300
	Cardiovascular Medications	302
	Medications for Lipid Disorders	312
CHAPTER	17 Immunological System Medications	323
	The Immune Response	324
	Medications That Affect the Immune System	325
CHAPTER	18 Pulmonary System Medications	355
	The Pulmonary System	356
	Pulmonary Medications	357
CHAPTER	19 Gastrointestinal System Medications	371
	Gastrointestinal System	372
	Gastrointestinal Medications	373
CHAPTER	20 Reproductive and Urinary System Medications	393
	Hormones of the Reproductive System	394
	Medications for Disorders Related to Female Hormones	394
	Labor Medications	399
	Infertility Medications	400
	Medications for Other Female Reproductive Disorders	400
	Medications for Male Reproductive Disorders	400
	The Urinary System	401
CHAPTER	21 Vitamins, Minerals, Herbs, and Complementary and Alternative Medicine	415
	Vitamins	416
	Minerals, Lipids, and Amino Acids	419
	Herbal Medicines	423
	Complementary and Alternative Medicine	424

GLOSSARY	431
APPENDIX A	Medication Classifications 451
APPENDIX B	Medication Classification Index by Generic Name 455
APPENDIX C	Controlled Substances Schedules 483
APPENDIX D	Routine Pediatric and Adult Immunizations 485
APPENDIX E	Administering Medications to Children 495
APPENDIX F	Pediatric Dosage Calculations 497
APPENDIX G	Examples of Herbs, Vitamins, Minerals, Amino Acids, and Lipids Used as Remedies 499
APPENDIX H	Basic Math Concepts 511
APPENDIX I	Answers to Checkups 515
APPENDIX J	Expansion of Intravenous Therapy 527
SUBJECT INDEX	531
