## PART I SURGICAL TRAUMA

1. Management of Surgical Trauma	3–27
2. Wounds	28–52

## PART II ORTHOPEDIC TRAUMA

3. Dislocations	55–85
4. Fractures	86–185
5. Spinal Trauma	186–199
6. Delayed Union and Nonunion of Fractures	200–227
7. Malunited Fractures	228–258
8. Traumatic Affections of Joints	259–283
9. Amputations	284–302
10. Peripheral Nerve Trauma	303–326
11. Peripheral Vascular Trauma	327–354
12. Orthopedic Practical Procedures	355–391

## PART III ELECTIVE ORTHOPEDICS

13. Deformities	395–424
Congenital deformities of bones and joints	
Postural deformities of bones and joints	

<b>14.</b>	Affections of Muscles, Tendons, and Tendon Sheaths	425–442
<b>15.</b>	Affections of Fascia and Bursae	443–458
<b>16.</b>	Affections of Bones and Joints	459–496
<b>17.</b>	Arthritis and Allied Rheumatic Diseases	497–517
<b>18.</b>	Infective Arthritis and Wounds of Joints	518–527
<b>19.</b>	Endocrinal Affections of Bones and Joints	528–550
<b>20.</b>	General Diseases of Bones and Joints	551–557
<b>21.</b>	Degenerative Diseases of Bones and Joints	558–568
<b>22.</b>	Affections of Nervous System	569–589
<b>23.</b>	Neoplastic Affections of Bones and Joints	590–636
	<i>Index</i>	637–654
